Issued Winter 1981-2

Last winter Boston State College was consolidated into the University of Massachusetts at Boston. Now UMass/Boston offers you one of the most diverse and distinctive summer school programs in New England.

Most courses at the Harbor or Downtown campuses are scheduled over a seven-week period, although some are offered during intensive four- or six-week sessions. Most Huntington Avenue courses are scheduled during two intensive four-week sessions, although there are also several special workshops of shorter duration. When registering for courses offered at different locations, students should pay particular attention to the starting and ending dates of each course to avoid scheduling conflicts. Similarly, students should be aware of the travel time between campuses on the free shuttle service.

Students may register for courses offered at all three locations at the registration offices at both the Huntington Avenue and Harbor campuses. Procedures for registration by mail or (with a credit card) by telephone are described in the "General Information" section of this bulletin.

Descriptions of all courses offered this summer will be furnished in a separate publication that will be available at the registration offices at the Huntington Avenue and Harbor campuses.

Students may obtain additional information by visiting the Continuing Education offices at the Harbor or Huntington Avenue campuses or by calling 734-7111.

The University

A public institution, established in 1965, the University of Massachusetts at Boston offers three distinct curricula through the Colleges of Arts and Sciences, Management and Professional Studies, and Public and Community Service. Programs in each of the colleges combine the traditional with the innovative in service to the University's diverse urban constituency. UMass/Boston's faculty, distinguished for its scholarship and dedication to teaching, works closely with students to maintain individual academic relationships. The resultant atmosphere of trust and camaraderie promotes rich opportunities for development in the pursuit of a superior education.

Its Harbor Campus

The Harbor Campus, built less than a decade ago on Dorchester Bay, is the site of the College of Arts and Sciences and the College of Management and Professional Studies. The campus includes three academic centers, the 11-story Joseph P. Healey library, and the new Catherine Forbes Clark Athletic Center. Together, these facilities provide intimate classrooms, pleasant areas for study and relaxation, and the finest materials and equipment for both research and recreation. UMass/Boston students and faculty may also share in the impressive resources of the nearby John F. Kennedy Presidential Library. The Harbor Campus is easily accessible by private and public transportation.

Its Downtown Center

The University's Downtown Center, located at 100 Arlington Street in Park Square, houses the College of Public and Community Service, as well as various administrative offices, including the Office of the President. During the summer, the College of Arts and Sciences also conducts some of its classes at the Downtown Center.

Its Huntington Avenue Campus

UMass/Boston's Harbor and Downtown campuses are now complemented by a third fine facility of seven buildings at 625 Huntington Avenue, near many medical, educational, and cultural institutions of note. An extensive summer program is offered at this facility. The University provides a free shuttlebus service connecting its three campuses.

Its Nantucket Programs

The University also conducts programs on Nantucket Island. During the academic year, students may spend a semester on Nantucket through UMass/Boston's American Civilization Program. Summer offerings on the island include courses in the natural sciences and humanities.

Summer Admission

Students who have graduated from high school or who have earned certificates of general educational development are welcome to take Summer Session courses at the University of Massachusetts at Boston. College-bound high school juniors and seniors interested in beginning their college educations are also invited to take Summer Session courses. The University assumes that students registering for undergraduate courses will accurately assess their ability to do college-level work. It is the responsibility of students to meet prerequisites for individual courses.

To be admitted to any graduate-level course a student must have earned a Bachelor's degree, unless other requirements are specified in this catalog or unless written permission is obtained from the faculty member teaching the course.

Summer enrollment does not imply acceptance into a degree program at the University of Massachusetts. Any student who wishes to matriculate at the University must submit an application to the Admissions Office. (If the student does matriculate, as many as sixteen undergraduate credits, or six graduate credits, earned during the summer may be counted toward degree requirements.

For adults considering return to college the Admissions Office offers informational seminars every Wednesday at both the Harbor Campus and the Downtown Center. For information about these seminars, and about admissions procedures in general, call 287-8100.

Registration

Hours for walk-in registration:
M–Th, 9am–8pm; F, 9am–4:30pm

Registrations are accepted on the basis of available space. For registration deadlines, see page 2.

Students registering after the registration deadline must pay a $20.00 late registration fee.

Students registering by the registration deadline may add or drop courses without penalty during the Add/Drop period of each session.

Walk-in Registration

Forms for walk-in registration are available in the Continuing Education Office, Room 110A, Huntington Avenue Campus, and at the Office of Registration and Records, Plaza Level, Administration Building, Harbor Campus. (Do not use the application form that is included in this catalog.) To register in person for summer courses, submit a walk-in registration form, with payment, at either location. All fees must be paid in full at the time of registration.

Mail-in Registration

To register by mail for a course or courses offered at any UMass/Boston campus, fill out the registration form that is included in this catalog and send it to:

University of Massachusetts at Boston
Summer Session
P.O. Box MN
625 Huntington Avenue
Boston, MA 02115

For more information, see below for schedule of fees and methods of payment. Registration will be accepted on a space-available basis. Full payment must accompany the registration form.

Students wishing to register by mail for mathematics courses should see the procedure for taking the diagnostic test under "Math Diagnosis" in the "Academic Regulations" section below.

Telephone Registration

Students who wish to pay course and service fees by using MasterCard or VISA may register by telephone. To register by telephone for a course or courses offered at any UMass/Boston campus, simply call 734-7111. The Division of Continuing Education will send verification of your registration to you about four days after you register.

Note: Unfortunately, telephone registration is available *only* to students wishing to pay course and service fees by using MasterCard or VISA.

Course and Service Fees*

Summer Undergraduate Course Fee	$43.00 per credit
Summer Graduate Course Fee	55.00 per credit
Student Health Fee	12.00
Student Activities Fee	7.00
Student Athletics Fee	6.25
Registration Fee	10.00
Late Registration Fee	20.00
Bad Check Fee	20.00

*Massachusetts residence status does not affect summer fees. All fees are subject to approval by the Board of Regents or the Board of Trustees and may be changed without notice.

Payment of Course and Service Fees

Payment must be made in full before registration will be accepted. No payment will be accepted after the Add/Drop deadline of the session for which payment is intended. The following methods may be used to make payment:

Check:

Please make out a separate check to cover the course fee for each course that is being requested, and a separate check for total service fees (excluding lab fees). Submission of separate check payments for each course allows the University to return payment immediately for an individual course that is no longer available when payment is received. Any student who combines payment into one check does so at the risk of having the entire application returned or waiting for a refund until after the Add/Drop deadline for the session in question.

Make checks payable to the University of Massachusetts.

A payment of course and service fees made with an unacceptable check will result in the cancellation of the student's registration. The University *cannot* redeposit returned checks. For assistance in re-registering, contact the Business Office in the Administration Building at the Huntington Avenue Campus.

A penalty fee of $20.00 must be paid at the time of re-registration.

MasterCard or VISA:

The University of Massachusetts at Boston will accept payment by MasterCard or VISA for all course and service fees. *The minimum acceptable MasterCard or VISA payment is $25.00.* Please fill out the appropriate section of the registration form when registering by mail.

Cash:

Cash payments must be made at the Bursar's Office at the Harbor Campus only. (Administration Building, 2nd Floor; M–F, 9am–3:30pm.)

Note: Cash payments will not be accepted at the Huntington Avenue Campus.

Lab Fees

Lab fees must be paid for certain courses as indicated in the schedule listings. The amounts of fees appear under schedule numbers for those courses requiring fees. The lab fee for each course must be paid at the Bursar's Office on the day of the first meeting of that course.

Student I.D. Cards

I.D. cards are required for the use of such facilities as libraries and the Clark Athletic Center. They may be obtained at the Harbor Campus through the I.D. Office (Building One, 4th Floor, Room 064) between 10:00am and 1:00pm each day. At the Huntington Avenue Campus, I.D. cards may be obtained at the Security Office (Administration Building, Room 104). The charge is $2.00.

Payment by Outside Agencies

A student whose bill is to be paid by an outside agency must state this fact on his or her registration form. The student's registration must be certified for clearance at the Bursar's Office; this office will grant clearance only if proof of coverage (specific authorization from the agency) is on file with the Bursar.

Refunds

A student who *withdraws* from a course will be granted a refund according to the schedules on page 2.

Any student who attends no class sessions of a course will be granted a full refund for the course providing he or she notifies the registration office at either the Harbor Campus or the Huntington Avenue campus in writing before the first day of classes. A student who wishes to withdraw from a course after classes have begun must follow the procedures described under "Academic Regulations" below, and must file a valid withdrawal form. Non-attendance does not constitute withdrawal. It is the student's responsibility to initiate the refund procedure.

The amounts of all refunds are computed on the basis of withdrawal dates established by the Offices of Registration and Records.

If a student has made a refundable payment with MasterCard or VISA, the refund must be returned as a credit to the student's MasterCard or VISA account. Payment for courses cancelled by the University will be refunded in full.

Cancellations

The University reserves the right to cancel any course. The course fee will be refunded in full to any student who pays for a course that is subsequently cancelled. If all courses for which the student is registered are cancelled, service fees will also be refunded.

Financial Aid

Office of Student Financial Management

Harbor Campus
Administration Bldg., 1st Fl., 287-1900, x2311
M–Th, 8:30am–7pm; F, 8:30am–5pm

Huntington Avenue Campus
Kennedy Bldg., 2nd Fl., 731-3300, x394

The Student Financial Management Office provides assistance in the processing of grants, scholarships, loans, and work-study awards. It is also responsible for the coordination of all student employment on campus.

Only UMass/Boston students are eligible to apply for financial aid for the summer session. These students should call or visit the student Financial Management Office in April for further details. All other students should explore aid possibilities with the financial aid offices at their own institutions.

Educational benefits offered through the Veterans' Administration may be used during the summer session. Veterans who are eligible for these benefits must contact the Office of Veterans' Affairs.

Academic Regulations

Credit

All courses carry full academic credit and are equivalent in method, content, and credit to courses offered at the University during the regular academic year. Credits obtained in these courses are ordinarily accepted as transfer credits by other colleges.

Maximum Load for Summer

During the summer no UMass/Boston student may enroll in more than three regular courses unless he or she has a minimum 3.0 grade point average and the approval of the academic advising office of his or her college.

Adding and Dropping Courses

Students may add or drop courses by filing Add/Drop forms at the registration office at either the Harbor Campus or the Huntington Avenue Campus. Forms are available at each office.

The Sacred Cod (made in 1760) now hangs in the State House.

Withdrawing from Courses

A student withdrawing from a course after the Add/Drop deadline receives a grade of "W." Withdrawal cards are available at the registration office at either the Harbor Campus or the Huntington Avenue campus. Each card must be signed by the course instructor and returned. No withdrawal cards will be accepted after 4:00pm on the last day of the withdrawal period. Refunds are processed where applicable. (See refund schedules on page 2.)

Math Diagnosis

It is greatly to the advantage of the student to be placed in the proper course. *Students are advised to consult course descriptions for prerequisites and equivalents before registering for math courses.* To ensure placement in the right course, each student will be required to take a Math Diagnostic Test before being admitted to a course that requires this test as indicated in its description. This step will prevent loss of time in switching courses or obtaining refunds after classes have begun.

The test will be given during the following periods for students enrolling in summer math courses.

Harbor Campus

(Conference Room in the Office of Registration and Records)

Monday, May 17	10am–1pm; 4–7pm
Thursday, May 20	10am–1pm; 4–7pm

Huntington Avenue Campus

Monday, May 17	10am–1pm; 4–7pm
Thursday, May 20	10am–1pm; 4–7pm
Thursday, July 8	10am–1pm; 4–7pm

Note: Students registering by mail may preregister for desired math courses with the understanding that a subsequent change in courses, as indicated by the Math Diagnostic Test, may occur. An additional Math Diagnostic Test may be taken on Thursday, June 3, from 10am to 1pm and from 4pm to 7pm at the same locations.

Independent Study

Only UMass/Boston students may register for Independent Study and must do so through the Scheduling Office, located in the Office of Registration and Records, after satisfying any departmental prerequisite(s). The course fee for Independent Study is $43.00 per credit (undergraduate) and $55.00 per credit (graduate). Students taking Independent Study during the summer pay regular service fees.

Pass/Fail Option for UMass/Boston Students

A total of eight courses may be taken on a Pass/Fail basis by a regular UMass/Boston student while the student is an undergraduate. When the student earns a Pass (P) grade, credits for the course count as graduation credits; but the grade has no bearing on the student's cumulative average. A Fail (F) grade affects the student's cumulative average as a regular "F" would.

During the summer the following regulations apply:

1.
Only *one* course may be taken on a Pass/Fail basis.

2.
A course taken Pass/Fail cannot exceed five credits.

3.
A student must carry a minimum of two courses totalling at least six credits in order to take *one* course on a Pass/Fail basis.

4.
A summer course taken on a Pass/Fail basis counts toward the maximum allowed number of eight.

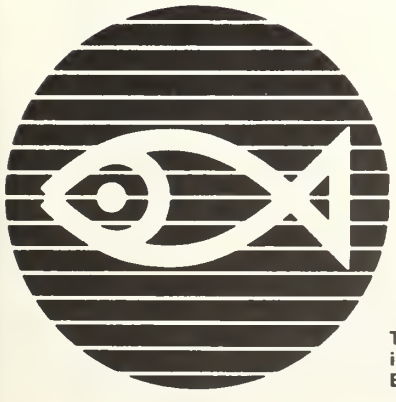
5.
A student wishing to take a course on a Pass/Fail basis must fill out a Pass/Fail card, available at the Office of Registration and Records. Any student submitting two Pass/Fail cards in one summer will not be allowed to take either course on a Pass/Fail basis.

6.
A Pass/Fail card, once submitted, cannot be withdrawn after the Pass/Fail deadline of the session in question (see the calendar).

Grades

Letter grades reported by instructors are given numerical values according to the following chart.

A	4.0	D+	1.25
A–	3.75	D	1.0
B+	3.25	D–	.75
B	3.0	F	.00
B–	2.75	Inc	Incomplete
C+	2.25	Pass	Passing (Pass/Fail Option)
C	2.0	Y	Interim grade in a declared year long course
C–	1.75		



The New England Aquarium ornaments today's Boston waterfront.

The grade of Incomplete is reported only if personal circumstances of extreme difficulty, such as serious illness, have kept a student from completing a portion of his or her required classwork or from taking a final examination; or if an instructor requests that an Incomplete be given for scholarly reasons. If a student's record is such that he or she would fail a course regardless of the quality of work yet to be done, an "F" will be reported.

A student can obtain credit for an Incomplete taken in the summer term only by finishing the work of the course by the end of the following summer term. If the work is not completed by this time, the grade will be changed to an "F." The initiative for removal of the Incomplete grade rests with the student.

An Incomplete on a final grade report is not represented in the student's temporary grade point average. When the Incomplete is later converted to a grade, the average is calculated again and the student is notified.

Once a grade is submitted, it cannot be change except by approval of the Department Chairperson.

Grade Point Average

Quality points are assigned to course grades as indicated above. The quality points for each grade are multiplied by the number of credits for the course, and the totals for all courses are added to arrive at the number of cumulative quality points. The number of cumulative quality points is divided by the number of cumulative credits carried to arrive at the cumulative quality point average. A "P" is not counted in the cumulative average.

Transcripts

All students who wish transcripts of their grades sent to other schools must complete transcript requests in the Office of Registration and Records. UMass/Boston students receive transcripts under the present University policy: the first two transcripts are free, each additional transcript costs $1. A non-UMass/Boston student will receive one free transcript, with each additional copy costing $1.

Regulations

Normal University regulations apply during the summer session, unless otherwise specified. Students are advised to consult the statements of these regulations available at the INFO Center in Building Two or at the Office of Student Information Services (Administration Building, 3rd Floor, Room 039).

Combative and Creative Area

In addition, in Buildings One and Two, there are courts for handball, racquetball, and squash.

Two athletic fields marked for football, soccer, softball, and volleyball are used during the summer.

Schedules for the use of various facilities are available from the Athletics Department at the Clark Center.

Health Services

Administration Bldg., 2nd Fl., 287-1900, x2522
M–F, 9am,–4:30pm

During the Summer all regular services are available, including general medicine, gynecology, dermatology, and mental health care. Nurses and/or nurse-practitioners are on duty in the Health Services Office at the Harbor Campus. Nurse-practitioners will be available at satellite clinics. Primary care physicians are available by appointment.

Each student enrolled in a Summer School program must pay a fee of $12.00, and may use the Health Service for the duration of his or her program. By making an additional payment of $12.00 the student may use the Service during the remainder of the summer. A UMass/Boston student may also use the Health Service by paying the entire summer health fee ($24.00).

Disabled Student Center

Bldg. One, 1st Fl., Rm. 401, 287-1900, x2922
M–F, 9am–5pm

The Resource and Counseling Center for Disabled Students provides a full range of counseling services to students as well as equipment to meet the needs of any student who requests its services (e.g. Braille library, low-vision center and wheelchairs). All disabled students are welcome to enjoy the facilities and services offered at this center.

Emergency Care Training Program

Standard First Aid and Personal Safety

This course provides the layperson with the knowledge and skills needed in most emergency situations when medical assistance is not excessively delayed. The course includes lectures, discussions, demonstrations and skill practice. It is certified by the American Red Cross. Tuesdays and Thursdays, 12 noon–2 pm.

Basic Cardiac Life Support and Emergency Cardiac Care (CPR)

This course trains the layperson in the techniques of basic emergency care for respiratory and circulatory medical emergencies; first aid for choking and resuscitation for infants and small children are also included. The course is certified by the American Red Cross and the American Heart Association.

Section I	M&W	11:30 am–12:30 pm
Section II	T&Th	10 am–11 am

Cost for materials: $4.00

Defensive Driving Course (DDC)

This course will use films and visual aids to teach accident-avoidance techniques and to reinforce essential, safe driving habits. It is certified by the National Safety Council.
Schedule to be arranged.
Cost for materials: $8.00

These courses will be held between June 7 and July 16. For more information and registration, come to the Emergency Care Training Center (Building Two, Floor 2, Room 604) or call 287-1900, ext. 3233.

Adolescent Counseling Workshop

Coun 678 "Treatment Of The Multiproblem Adolescent Within The Community"

Thursday, May 20 & Friday, May 21

This two-day workshop is designed for the practitioner or child advocate who wants to become more effective in treating adolescents who are seen as out-patients. The workshop will emphasize the use of case methods and has been designed with the following objectives. The participant will:

- increase his or her knowledge of the development of the adolescent–both normal and pathological;
- be able to demonstrate more effective diagnostic and evaluative techniques used in intervention;
- learn methods of involving role models, authority figures, and others in treatment;
- learn how to make more effective use of group therapy, peer groups, and multi-family groups in the treatment of adolescents.

Cost: $95 (includes all fees and cost of workshop materials)
Registration Deadline: May 14
Please Note: Fees will be returned only if registration is cancelled on or before May 14, 1982.
Schedule #60578-41

Advanced Adolescent Counseling Workshop

Coun 679 "Treatment of the Severely Disturbed Adolescent"

Thursday, June 3 & Friday, June 4

This two-day workshop is designed for the advanced practitioner who is doing intensive work with the borderline psychotic adolescent. The workshop will emphasize the use of case methods and has been designed with the following objectives. The participant will explore:

- intensive case work with the highly disturbed adolescent;
- the use of group therapy with adolescent change in control as a goal of treatment;
- the use of family therapy in relationship to the long term goals of primary and secondary family members;
- the development of evaluative processes for therapeutic interactions on both individual and programmatic levels.

Cost: $95 (includes all fees and cost of all materials)
Registration Deadline: May 28, 1982
(Please Note: Fees will be returned only if registration is cancelled on or before May 28, 1982.)
Schedule #60579-41

Boston's Puritan founders, led by John Winthrop, arrived in the summer of 1630. After attempting to settle in Charlestown, they moved to a peninsula the Indians called Shawmut ("living water"). As a little girl, Annie Pollard (here at the age of 103) was the first to leap ashore.

The RN/BSN Program: A Bachelor of Science Degree Program for RN's

The Division of Continuing Education offers a part-time BSN degree program for registered nurses. This accredited baccalaureate program is an upper-division sequence of 54 semester hours of nursing course work built on a broad liberal arts base. A total of 128 credit hours is required for graduation.

RN/BSN candidates may, at their own pace, earn credit for liberal arts and science courses by passing appropriate National League for Nursing (NLN) or CLEP examinations. In addition, RN/BSN candidates are required to pass three NLN examinations in nursing, medical-surgical nursing, parent-child health nursing, and pharmacology prior to admission to the upper-level nursing sequence.

The upper-level nursing courses which will be offered in the summer are:

Nurs 305 Health Assessment I June 7–July 7

Harbor Campus Programs

Note to former Boston State College students:

The University's concern in scheduling courses this summer has been to offer courses you need to meet the requirements of the programs in which you are enrolled. We encourage you to meet with your advisors to discuss how best to achieve your academic goals. You should be aware that certain courses formerly taught at Boston State College will not be offered after this summer.

Fort Independence on Castle Island, late 1700's (far left). "Edgar A. Perry" (Poe) enlisted at 18 and served there in 1827. The rumored burial alive of a victorious duellist may have been a source of Poe's "Cask of Amontillado." (In 1905 workmen renovating the fort found a uniformed skeleton behind a wall.)

Double-crested Cormorants flourished in Boston Harbor before Europeans came (bones dating from 1500 A.D. have been found by UMass/Boston archaeologists). The Cormorants had stopped breeding in New England by the early 1800's, but returned to the Harbor about 40 years ago. Now their number (as a UMass/Boston ornithologist has observed) is rapidly increasing.

Donald McKay, the great designer and builder of clipper ships. Right: McKay's sail plan for the *Washington Irving*. Below: the *Great Republic*, launched from his East Boston shipyard in 1853. Left: a sketch of his proposed steamer *Cradle of Liberty* (meant to cross the Atlantic in six days). McKay said, "I never yet built a vessel that came up to my own ideal. I saw something in each ship which I desired to improve upon."

Note to former Boston State College students:

The University's concern in scheduling courses this summer has been to offer courses you need to meet the requirements of the programs in which you are enrolled. We encourage you to meet with your advisors to discuss how best to achieve your academic goals. You should be aware that certain courses formerly taught at Boston State College will not be offered after this summer.

Continuing Education at UMass/Boston

The Division of Continuing Education is a self-supporting program reflecting UMass/Boston's commitment to extending its resources, in an appropriate and accessible format, to adults in the metropolitan Boston area. Courses and programs offered by Continuing Education are designed and scheduled to encourage part-time study for personal enrichment and/or professional development. During the fall and spring semesters, courses are offered in the late afternoon, during the evening, and on Saturday mornings. Courses are scheduled at the Harbor, Huntington Avenue, and Downtown campuses, and at a number of convenient off-campus locations.

It is not necessary to be admitted to the University as a degree-seeking student to enroll in Continuing Education courses.

Continuing Education also offers, for organizations, agencies, and groups, non-credit programs to meet identified needs in the areas of professional development, personal enrichment, or civic responsibility. Such programs range from single three-hour seminars for civic or community groups to year-long human development programs for business firms or professional organizations.

Continuing Education programs, both in their flexibility and in their scope, exemplify UMass/Boston's efforts to bring the benefits of a major urban public university to all citizens of greater Boston and the Commonwealth.

If there are any programs you would like to see offered, or if you have any comments you would like to see addressed, please use this space or contact the Associate Provost, Continuing Education.
